HUNT DESCRIPTION

The United States Fish and Wild Life Services has given CITES import permission for ivory taken in South Africa to be imported into the United States. The reason for this arrangement is because these two countries have an international recognised Elephant management programmes on private land as well as government reserves.

The KLASERIE GAME RESERVE is such a hunting Block. This 80,000acre reserve is world famous, and is part of a biome of approximately 6 millions acre. This is a truly magical TOTAL FREE RANGE hunt for an Elephant in an environment where the hunter will also encounter Buffalo, Lions, Leopard and Rhino.

Hunting is done by Spot and Stalk, Walk and Stalk and of course Tracking. Minimum legal calibre for Elephant is .375 H&H and we would demand a good solid bullet.

Take note that all hunting in the Klaserie Reserve falls under a strict management protocol and we are ONLY allowed to shoot bulls over 35 years of age with a Maximum Ivory weight of 40lbs per tusk

TYPICAL ITINERARY

ARRIVAL IN JOHANNESBURG AIRPORT: On your arrival day, an Infitno Safaris team member will meet you at the airport. This person will take charge on clearing your firearm(s) with the South African Police Service. This process takes anything from 15 minutes to 45 minutes.

DRIVE TO BUFFALO VALLEY CONSERVANCY: You will now drive to Infinity Lodge for about 2 hours in decent black top roads. The last 20 miles is bad with a lot of potholes, but our Team members know every hole by name! The drive is in a new model Quad Cab Pick Up or our brand new Ford Mini bus. All have air-conditioning.

ARRIVAL AND AT SLEEP OVER LODGE: Most hunters get to the lodge at about 9PM. Our staff makes sure you are welcomed in style with welcome drinks and hot towels. You are shown to your room where you will overnight. **TRAVEL DAY TO KLASERIE GAME RESERVE:** At 6AM you will leave for the 4 hour drive to the Klaserie Reserve. On arrival we will get settled into our lodging and head over to the Reserve. We will meet our Reserve Representative and Game Ranger at the Head Quarters and proceed to check the Zero on your Rifle. After this we will head back to camp for an early night.

DEPARTURE

On your departure day we finalise your paperwork and settle up on payment for the Safari. You are then driven back to the airport by our team member in good time to make your flight back home!

*TYPICAL YEARLY TEMPS

HUNTING

Minimum Hunting Days for Elephant in the Klaserie is 14 Days. Our hunting days start with a wake up call at 5am, followed by a nice breakfast. We will then proceed to drive to the reserve.

The drive can take anything from 15 to 30 minutes. Typically we will start every hunting day with driving to a waterhole to see where the Buffalo watered during the night. The Spoor (tracks) will then be followed and the hunt is ON!

There are two hunting sessions in a day. They usually are from 7AM to 12PM and then again 2PM to 6PM. During our lunch break we usually find a nice shady spot under a tree on the banks of the Elephants or the Klaserie Rivers, and just kick back and enjoy the lunch pack our team prepared for us the night before.
