## **SPECIAL TERMS AND CONDITIONS FOR PLAINS GAME PACKAGED HUNTS**

- Two Hunters can share a package but second hunter must pay full hunter day fees at a 2:1 rate of \$325. 00 per day
- No "swapping" in value of animals from our Trophy fee list is allowed. Any Animals NOT listed in the packaged groups, that is hunted, will be charged at our Trophy fee rate, unless otherwise arranged with the owners.
- Hunters will hunt 2:1 unless travelling and hunting alone. That means 1 Professional Hunter and 2 Hunters
- If a Hunter wants to hunt a Black Wildebeest he must also take a Springbok and vice versa. It is part of our quota management program.
- The trophy quality will not be guaranteed, with the minimum requirement we set as a representative trophy of the species that is mature. Hunters that are serious about trophy quality and record book trophies, are advised to book one of our specialized Plains Game hunts.
- Hunters cannot RESERVE or DEMAND a specific species in the GROUPS before or during a packaged hunt. Infinito Safaris ensures that there are quota available for all species in the GROUPS when the hunt is conducted.
- Packages are paid in full whether the hunter collects all the trophies or not. We therefore need full payment of the Safari 60 days prior to your arrival. The company commits to having all the species available at the time of the hunt, but no specific species will be reserved or booked specifically in a group.

### **\* INCLUDED IN ALL PACKAGES:**

- Trophy and day fees as specified
- All airport transfers
- Open bar
- 3 Meals per day

*NEVER pass on the first day what you will kill on the last day!*
